<b>Language of instruction and language requirements</b>	<p>At undergraduate level, the language of instruction in most of our Departments is mainly Turkish. However, these Departments offer assistance (i.e. materials, tutorials, exams etc. in English) to the exchange students. Nevertheless, we have 3 departments offered completely in English. They are: the Department of English Medicine, the Department of Economics and the Department of English Language Teaching. Furthermore, 30% of the courses in our Department of Material Sciences and Engineering are offered in English. We also have a pool of courses offered in English. . I have attached the list. Furthermore, for incoming exchange students, we have a special arrangement. We offer their courses partly in English and allow the students to prepare their homework in English. We also arrange their examinations in English so they will have no problem with their studies, training or communicating with their instructors. We must also inform you that all Masters and PhD programs in our university are offered in Turkish and English. Our language requirement is B1 English. For the latest list of our courses offered in English please click:</p> <p style="text-align: center;"><a href="#">List of English Courses</a></p>

Before travel you will need to obtain a student visa from a Turkish Embassy/Consulate in your home country. As visa regulations may change quite frequently, please contact the nearest Turkish Embassy or Consulate in your country for the most up-to-date and detailed information. Student visas cannot be obtained within Turkey.</p>
